

Contents

Zusammenfassung in deutscher Sprache	5
Introduction	7
1. Brownian Motion in Random Potential	8
2. Lyapunov Exponent and Variational Formula	9
3. Inequalities	12
4. Continuity and Rate of Convergence	14
Lyapunov Exponents of Brownian Motion: Decay Rates for Scaled Poissonian Potentials and Bounds	17
1. Introduction and Results	17
2. Proof of the Upper Bound	20
3. Proof of the Lower Bound	24
A Variational Formula for the Lyapunov Exponent of Brownian Motion in Stationary Ergodic Potential	29
1. Introduction and Results	29
2. Notation and Preliminaries	36
3. Proof of the Variational Formula	39
4. Appendix	51
Continuity Results and Estimates for the Lyapunov Exponent of Brownian Motion in Random Potential	63
1. Introduction	63
2. Elementary Properties	65
3. Inequalities	67
4. Continuity	70
5. Examples	76
Bibliography	83
